

Who is **AzOWRA**

(**A**rizona **O**nsite **W**astewater **R**ecycling **A**ssociation)...

and Why Join Now?

The Arizona Onsite Wastewater Recycling Association's (**AzOWRA**) mission is to

“Provide value to our membership and property owners through communication, education, training, quality services and advocacy regarding onsite and decentralized wastewater treatment, reuse and management”.

Join Today. There are various ways that **AzOWRA** can benefit you. **AzOWRA:**

- * Represents the diverse interests of professionals who work in the onsite wastewater industry;
- * Provides networking opportunities with professionals involved in the onsite wastewater industry throughout Arizona and other states;
- * Creates a forum for workshops and educational programs at a discounted fee;
- * Provides training for developing your business
- * Affords opportunities to shape and develop state policy affecting the onsite community;
- * Helps you keep current with local and national trends in the onsite wastewater industry;
- * Offers free subscriptions to Onsite Installer magazine and Pumper magazine; and
- * Makes newsletters and other information available on the **AzOWRA** website – www.azonsite.org

Join Today and Get Involved!! There are various ways that you can help the organization. Share your talents. Tell us how you would like to be involved:

- Educating the public about onsite wastewater systems
- Writing an article for the newsletter
- Teaching a training program
- Updating the website
- Working to find advertisers for the website and newsletter
- Planning the 2010 Annual Conference
- Scheduling an informational meeting for potential new members in your area
- Serving as a Board Member
- Serving as an Officer
- Coordinating with regulatory agencies for rule revisions
- Other:
