December 16, 2009

Lowell Fagen
Chair, Homeowner Education Committee
AzOWRA
P.O. Box 10866
Prescott, AZ 86304

Dear Mr. Fagen:

Since the day that the AzOWRA came to the Board of Supervisors requesting our sponsorship for the manuals and educational sessions in the Communities of Yavapai County for owners of residential septic systems we have been delighted at the interest the program as generated.

The manuals that we pass out at our community meetings disappear. It is abundantly clear that the manuals and AzOWRA's Homeowner's Septic Education Program is a success and a needed commodity.

We commend your foresight on the need for this type of outreach, your lead and diligence in protecting the public health. We look forward to our continued partnership.

Sincerely,

Thomas Thurman, Chairman
Yavapai County Board of Supervisors

Lowell Fagen
Chair, Homeowner Education Committee
AzOWRA
P.O. Box 10866
Prescott, AZ 86304

Dear Mr. Fagen:

As a founding sponsor of AzOWRA's educational sessions for the owners of residential septic systems, the City of Prescott has been encouraged by the high level of interest shown by the public in the programs. Your organization accurately anticipated the need for this type of outreach, and is to be commended.

Ensuring that the public is properly maintaining their septic systems will assist homeowners while contributing to improvement in the quality of our ground and surface waters. Your willingness to spearhead these training sessions complements the interest and efforts of the City of Prescott and Yavapai County in safeguarding public health, and demonstrates how effective public-private teamwork can be.

Thank you for inviting the City of Prescott to be a partner in your education program. We look forward to continued participation.

Sincerely,

Craig V. McConnell
Regional Programs Director
